Out of scope funding

The grants program is **unable** to fund:

- The purchase of equipment for a group's exclusive use or competitions and prizes, giveaways or alcohol for an event.
- Companies and other for-profit entities.
- General operating or travel costs not directly associated with a project/event.
- Stocking fish, including the purchase, transportation and/or the release of fish for an event – this is funded through the Stocked Impoundment Permit Scheme (SIPS).
- Other activities that can be funded through SIPS, including research and monitoring to improve stocking strategies, tagging stocked fish, habitat restoration and improvement of general facilities.
- Commercial ventures or materials developed for a primarily commercial purpose.
- On-ground projects on private land or land with no free public access.
- The business of organisations/clubs, including building club premises or improving club facilities that are only available to club members.
- Research or monitoring that doesn’t deliver tangible, practical benefits for recreational fishing.
- Construction of boat launching ramps, boat wharves, boating pontoons or other boating infrastructure.
- Construction of general amenities, such as picnic tables, footpaths, toilet blocks, barbecues, shelters, landscaping and other picnic area enhancements.
- Ongoing maintenance, such as dredging or general repairs and maintenance of fishing and boating infrastructure (this is usually the responsibility of local authorities).
- Projects that provide education about pest fish issues (e.g. fishing competitions on pest fish) – pest fish are managed through Biosecurity Queensland and education is also funded through SIPS.
- Projects with direct Fisheries Queensland staff involvement.
- Projects or activities using grant money to fund staff wages or salaries.

Project title *

Project location(s) *

Where will your project or activity occur and where will benefit be delivered?

Short project description *

Provide a short description of your project - what are you aiming to achieve? (100 words recommended)

Start Date

Must be a date.

End Date

Must be a date.

Explain how your project meets assessment criteria

How many education days or sessions are you planning? *

Please also advise when they are planned for.

How many attendees are you expecting? *

Previous experience and training to organise fishing education days *

Include information on people involved; project team expertise; knowledge or capacity generated; successes of past events. 300 words maximum.

Describe the specific objectives of the fishing education day and how these objectives will be measured *

Include information on people involved; project team experience; topics covered (e.g. fishing rules, techniques, responsible fishing practice); skills and methodology. 500 words maximum.

Explain why your project is needed and how it will benefit Queensland's community fishing experience *

How will it improve recreational fishing? How will it improve the understanding of, or support traditional cultural fishing activities of Aboriginal and Torres Strait Islander Peoples? 300 words maximum.

Explain how you will measure success of the project against at least two milestones.

How will you know if the project met your aims? 500 Words max

Methods of Fishing *

- ○ Recreational
- ○ Traditional/Cultural

Do you have the appropriate insurance in place for this event? *

- ○ Yes
- ○ No

If you currently do not have the requisite insurance in place you may ask for funds to cover the cost of insurance in your grant application.

Working with children

Will you be working with children?
○ Yes
○ No

Do facilitators hold a blue card?
○ Yes
○ No
Please ensure that any blue card requirements are followed.

Supporting economic and social growth (desirable)

Does the project support regional economic and social growth (desirable)
○ Yes
○ No

Outline how the project supports economic and social growth through non-commercial fishing activities

Additional weighting will be given to projects that demonstrate support for economic growth (500 words maximum). Note that social growth is defined as "an activity where an individual develops the skills, knowledge, and attitudes necessary to interact effectively with others and participate meaningfully in society"

Supporting information
